TINTING MACHINE

UNICA

SIMULTANEOUS TINTING MACHINE

- _ Minimum Quantity: 0.077 cc (depending on product viscosity)
- _ Simultaneous Dispensing up to 8 colorants
- _ Precision 1/384 fl.oz
- _ Flow rate: 0.3 l/min
- _ Automatic Humidifier Cap
- _ 710X1000X1175 mm
- _ 16 canisters - 12X3 lt + 4X5 lt

ADVANTAGES

- _ Brilliant dispensing time and accuracy +/- 1% (depending on product viscosity)
- _ Low maintenance and minimum need of spares
- _ Ergonomics engineering modeled to HSE concept
- _ Compact and modern lines

ACCESSORIES

- _ D-POS (software for formula management)
- _ Software for dispensing by weight
- _ Electronic Scale
- _ Embedded PC, screen and label printer holding harm
- _ Standard finishing: dark grey (other colors upon request)
